

Trade-Specific Safe Management Measures for Retail Establishments

The table below contains the trade-specific Safe Management Measures recommended for the **customer-facing operations** of retail establishments. The measures indicated as “**MUST**” are requirements to be implemented, in addition to the measures listed in the main body of the advisory. The remaining measures should be implemented, where practicable.

Category	Customer-facing operations
Malls, Standalone stores	<ul style="list-style-type: none"> • Allow tenants to extend queues beyond their premises and mark queue spots outside their units, in order to manage the crowd. However, this should not cause congestion at other parts of the mall. • Put in place Standard Operating Procedures (SOPs) to identify hotspots and manage large crowds and long queues both within and outside the malls; these may include re-directing customers to other outlets, breaking the queues into several sections, putting up signs that indicate length of queuing time and implementing queue or appointment management systems.
Supermarkets, Convenience stores, Mini-marts	<ul style="list-style-type: none"> • Consider providing dedicated shopping hours for vulnerable groups, such as the elderly, persons with disabilities and pregnant women. • Encourage customers to limit entry to one member per family. <p><u>Supermarkets</u></p> <ul style="list-style-type: none"> • Put in place Standard Operating Procedures (SOPs) to identify hotspots and manage large crowds and long queues both within and outside the supermarkets; these may include re-directing customers to other outlets, breaking the queues into several sections, putting up signs that indicate length of queuing time and implementing queue or appointment management systems.
Books & Stationeries	<p><u>Books & Stationery</u></p> <ul style="list-style-type: none"> • Book launches, reading or meet-the-author sessions, and promotional activities that would result in congregation MUST NOT be organised. • Minimise browsing time by encouraging customers to read book summaries online and reduce browsing in-store.

<p>Department stores</p>	<p><u>Department stores</u></p> <ul style="list-style-type: none"> • Maker workshops, in-store product launches, or promotional activities that would result in congregation MUST NOT be organised. • Consider establishing separate check-out / collection counters for in-store purchases, redemptions, click-and-collect and home delivery, to minimise queues. • Put in place Standard Operating Procedures (SOPs) to identify hotspots and manage large crowds and long queues both within and outside the department stores; these may include re-directing customers to other outlets, breaking the queues into several sections, putting up signs that indicate length of queuing time and implementing queue or appointment management systems.
<p>Fashion (Apparel, Shoes, Jewellery, Accessories and Optical wear)</p>	<ul style="list-style-type: none"> • Fitting rooms, seats and try-out areas should be spaced at least one metre apart and clearly demarcated. Fitting rooms should be disinfected after each use. • Discourage the testing and trying of products. Products tried on by customers should be sanitised where possible, e.g. via steaming, cleaning, leaving overnight to air, or other reasonable sanitisation methods. • Implement click-and-collect systems (customers can browse and purchase items online and collect them in stores) to reduce dwell time. • Encourage online purchases by having a flexible return policy. <p><u>Apparel</u></p> <ul style="list-style-type: none"> • Limit the number of apparels per fitting to minimise dwell time. • Employees conducting tailoring and measuring services should wear personal protective equipment, e.g. masks at all times. <p><u>Jewellery, Watches, Accessories</u></p> <ul style="list-style-type: none"> • Establishments offering piercing services MUST ensure that all tools are thoroughly disinfected before and after each use. <p><u>Optical Wear</u></p> <ul style="list-style-type: none"> • Equipment used for eye checks and consultations MUST be sanitised before each new customer is served.
<p>Beauty Retail</p>	<ul style="list-style-type: none"> • All testers and samples that require physical contact MUST be removed, e.g. skincare, make up, health drinks or health products.

	<ul style="list-style-type: none"> • Individually packed samples, e.g. sachets, travel-sized products and gifts with purchase, may be distributed to customers upon request/completion of purchase. <p><i>Note: For services on makeovers and trial facials, refer to the section on Beauty Services below.</i></p>
Pharmacy, Traditional Chinese Medicine (TCM), Health Supplement Retail	<ul style="list-style-type: none"> • Consider providing dedicated shopping hours for vulnerable groups, such as the elderly, persons with disabilities and pregnant women. <p><u>Pharmacy</u></p> <ul style="list-style-type: none"> • Encourage customers to opt for teleconsultation services and to book appointments with pharmacists, where available. <p><u>TCM and Health Supplement Retail</u></p> <ul style="list-style-type: none"> • Health drink/product sampling MUST NOT be allowed. • Allow customers to arrange for pickup and/or delivery for replenishment of medication and/or supplements, or opt for teleconsultation services. • Consider breaking bulk and pre-packing items, e.g. dried goods and herbs into sealed packets with fixed sizes, to minimise handling of products by customers.

Trade-Specific Safe Management Measures for Lifestyle-Related Services
