

Trade-Specific Safe Management Measures for Retail Establishments

The table below contains the trade-specific Safe Management Measures recommended for the **customer-facing operations** of retail establishments.

- **Retail establishments are reminded to ensure that their employees and customers wear their masks properly at all times, except when eating or drinking.**
- The other measures indicated as “**MUST**” below are also requirements to be implemented, in addition to the measures listed in the main body of the advisory.
- The remaining measures should be implemented, where practicable.

Category	Customer-facing operations
Malls, Standalone stores	<ul style="list-style-type: none"> • Allow tenants to extend queues beyond their premises and mark queue spots outside their units, in order to manage the crowd. However, this should not cause congestion at other parts of the mall. • Put in place Standard Operating Procedures (SOPs) to identify hotspots and manage large crowds and long queues both within and outside the malls; these may include re-directing customers to other outlets, breaking the queues into several sections, putting up signs that indicate length of queuing time and implementing queue or appointment management systems¹.
Supermarkets, Convenience stores, Mini-marts	<ul style="list-style-type: none"> • Consider providing dedicated shopping hours for vulnerable groups, such as the elderly, persons with disabilities and pregnant women. • Encourage customers to limit entry to one member per family. <p><u>Supermarkets</u></p> <ul style="list-style-type: none"> • Put in place Standard Operating Procedures (SOPs) to identify hotspots and manage large crowds and long queues both within and outside the supermarkets; these may include re-directing customers to other outlets, breaking the queues into several sections, putting up signs that indicate length of queuing time and implementing queue or appointment management systems.

¹ While implementing the necessary SMMs, malls should ensure that the entrance and exit points remain accessible to those with disabilities.

Books & Stationeries	<ul style="list-style-type: none"> Minimise browsing time by encouraging customers to read book summaries online and reduce browsing in-store.
Department stores	<p><u>Department stores</u></p> <ul style="list-style-type: none"> Consider establishing separate check-out / collection counters for in-store purchases, redemptions, click-and-collect and home delivery, to minimise queues. Put in place Standard Operating Procedures (SOPs) to identify hotspots and manage large crowds and long queues both within and outside the department stores; these may include re-directing customers to other outlets, breaking the queues into several sections, putting up signs that indicate length of queuing time and implementing queue or appointment management systems.
Fashion (Apparel, Shoes, Jewellery, Accessories and Optical wear)	<ul style="list-style-type: none"> Fitting rooms, seats and try-out areas should be spaced at least one metre apart and clearly demarcated. Fitting rooms should be disinfected after each use. Discourage the testing and trying of products. Products tried on by customers should be sanitised where possible, e.g. via steaming, cleaning, leaving overnight to air, or other reasonable sanitisation methods. Implement click-and-collect systems (customers can browse and purchase items online and collect them in stores) to reduce dwell time. Encourage online purchases by having a flexible return policy. <p><u>Apparel</u></p> <ul style="list-style-type: none"> Limit the number of apparels per fitting to minimise dwell time.
