

Ophir-Rochor Location Plan

Ophir-Rochor Sale Site

Artist's impressions of Ophir-Rochor Corridor

Given its prime location, the proposed development at the Ophir-Rochor sale site will offer breathtaking views of the historic Kampong Glam Conservation Area and the bustling Suntec City.

The Ophir-Rochor area will create opportunities for the development of open courtyards and plazas as well as a unique mix of high and low-rise developments within a park-like setting.
